This course has been designed to present the young students comprehensive Islamic education, comprising general Islamic knowledge based on the Quran and Hadith. Instead of teaching moral principles directly, they are taught through themes chosen from the Quran and other Islamic sources. A major portion of the course comprises the text of the Quran, which is followed by exercises to test the depth of understanding of the students. Though basically intended for use as a school text book, it is also an ideal tool for home schooling involving both the parents and the children. Islamic Studies Level 6 (part 1) book mainly focuses on the concept of worship in Islam, the purpose and role of the messengers and the values of tolerance and diversity. After studying the essential principles of the faith and the six pillars of

Islam in the previous books, the student is introduced to the Islamic concept of 'ibadah' (worship) in a greater depth. This textbook is part of the universal version of Al-Hikmah Islamic Education Curriculum (HIEC), which seeks to provide a balanced authentic Islamic knowledge based on the Quran and the Sunnah. HIEC is the outcome of extensive research and teaching expertise in the field of Islamic studies and education practice. It aims to foster in students the essential Islamic beliefs and values that drive the pursuit of excellence. Research confirms that students are better engaged, and learning is more effective when the teaching material used provides information and examples that are relevant to the life of students. Therefore, to learn more about the customizable version of this curriculum, we advise you to visit our website (<http://www.widom.org.au>). The HIEC customizable version is better personalised than traditional textbooks, more affordable in the long run, evolving and up to date, collaborative and relevant.
