Smit studies the woman behind the public image as a natural, wholesome, even saintly person, an image carefully crafted by Bergman's first producer David O. Selznick. Bergman hid behind that image to live her life on her own terms. That life included three difficult marriages, numerous lovers, and a major scandal that stained her reputation but which she survived by creating her own legend. Bergman was filled with contradictions: she was dependent upon men and chafed under their control; she loved her children but constantly left them to perform; she longed for

romance but walked away from her affairs without looking back; she desired to make great films but settled for being an entertainer; she hated the scrutiny of the media but learned to charm reporters. The author also assesses Bergman's artistry--her star qualities and her acting skills. She did her best work in Alfred Hitchcock's *Notorious*, Roberto Rossellini's *Voyage in Italy*, and Ingmar Bergman's *Autumn Sonata*. Her life and image were the inspiration for these films in the first place.

Utterly original, human, and provocative--like the author herself--"Some of Me" offers a fascinating, quirky, and, above all, personal look at Isabella Rossellini--actress, model, daughter of Ingrid Bergman--illuminating her life and work in a brilliant mosaic of short takes accompanied by scores of photos.

\*Includes pictures of Bergman and important people, places, and scenes. \*Includes Bergman's own quotes about her upbringing, films and relationships. \*Includes a Bibliography for further reading. "Be yourself. The world worships the original." - Ingrid Bergman Since the early 20th century, film has been embraced as arguably the preeminent international art form. Not only is Hollywood cinema immensely popular around the world, but other nationalities (Bollywood being the greatest current example) have their own thriving industries. Major actors and actresses are not only icons in their parent countries but reach tremendous international fame. However, most actors who become internationally famous do so via the success of the films they make in their native land, without actually leaving their country. One of the most famous early examples is Charlie Chaplin, who reached incredible fame in Asia and Western Europe during the silent cinema era despite having never left the confines of Hollywood. Chaplin's example illustrates how the vast majority of film stars who reach international fame do so through the global success of the films they make within a given industry. This dynamic highlights the uniqueness of Ingrid Bergman's career and her significance as an international film star. Not only were films like *Casablanca* (1942) famous around the world, but she made films in five different languages and film industries. In this regard, she was the rare star who was willing to literally act in films produced in different countries. Bergman's fame cannot be doubted, but the international quality of her career has prevented most people from gaining a complete understanding of her filmography. Moreover, the immense success of her most

famous films obscured her other achievements; one of Bergman's persistent lamentations late in her career was that even though she appeared in other films she deemed more significant, the only film of hers that people wanted to discuss was *Casablanca*. As a result, her early films in Sweden, the Italian Neorealist films she made with famous director and future husband Roberto Rossellini, and her French film with Jean Renoir have all been relegated to the margins. Bergman is thus recognized as a Hollywood star rather than an actress who should be identified with an array of different film industries, reducing the enormous scope of her career to a relatively small proportion of her filmography. At the same time, Bergman's personal life reflects the dynamics of the film industry and the relationship between celebrities and American culture more generally. At times during her career, Bergman was the darling of Hollywood, but at other times she was literally a pariah. It is all too common to remember Bergman for her performance in *Casablanca*, forgetting the fact that she was effectively exiled from Hollywood for several years during her romance with Roberto Rossellini. Her life and career amply demonstrated the expectations American culture held for their film stars during the mid-20th century. Ingrid Bergman: The First International Movie Star profiles the life and career of one of the world's most famous actresses and entertainment icons. Along with pictures of important people, places, and events, you will learn about Ingrid Bergman like you never have before, in no time at all.

Discover the remarkable life of Ingrid Bergman...The Swedish actress Ingrid Bergman was one of America's most beloved and successful performers. She was drawn to acting at a young age and was delighted to be invited to Hollywood in 1938 for the American remake of *Intermezzo*. With her flawless natural beauty and talent for acting, she was an instant success. After making several memorable movies, such as *Casablanca* and *Gaslight*, Bergman caused an international scandal by leaving her husband and daughter for an affair with Italian director Roberto Rossellini. She was effectively ousted from American soil and chose to live in Europe for several years. When she divorced Rossellini in 1957, she slowly made her way back to Hollywood. Again, she had to leave her children behind. Ingrid Bergman was passionate enough about life to attempt to have it all-family, career, and independence-at a time when women were expected to stay at home and raise children. When she died of breast cancer at age 67, Bergman indicated she had no regrets, even if she did make mistakes. As Charlotte Chandler did so well in her previous biographies, she will again draw on the recorded words of Joan Crawford and those who knew her well to paint a rich portrait of the woman and the star. Joan Crawford was born Lucille LeSueur in Texas in 1908. She became a chorus girl in silent films before finding her voice in *Possessed* (1931) with Clark Gable. Their affair would continue, on and off screen, for many years. Throughout the thirties, Joan continued to earn critical acclaim for her forte of playing career women who never gave up. Her Oscar-winning film *Mildred Pierce* in 1945 began the long-running feud between Joan and Bette Davis, which reached its height with *Whatever Happened to Baby Jane* in 1962. Joan was married four times including once to Douglas Fairbanks Jr, who spoke extensively to Charlotte Chandler for this book. Following her death, Joan's decision to cut her eldest children out of her will prompted her daughter Christina to write the damning book *Mommie Dearest* which changed Joan's image forever. Charlotte Chandler spent many hours recording interviews with Joan and also those closest to her. What emerges is a subtle portrait of a complex woman and a new insight into the legendary actress.

The beautiful Casablanca star, the world's greatest war photographer, and the secret love affair that would change their lives forever . . . in Chris Greenhalgh's *Seducing Ingrid Bergman* June 1945. When Ingrid Bergman walks into the lobby of the Ritz hotel in Paris, war photographer Robert Capa is enchanted. From the moment he slips a mischievous invitation to dinner under her door, the two find themselves helplessly attracted. Played out against the cafés and nightclubs of post-war Paris and the parties

and studios of Hollywood, they pursue an intense and increasingly reckless affair. But the light-hearted Capa, who likes nothing more than to spend his mornings reading in the tub and his afternoons at the racetrack, is not all that he seems. And Ingrid offers the promise of salvation to a man haunted by the horrors of war, his father's suicide, and the death of a former lover for which he blames himself. Addicted to risk, Capa must wrestle his devils, including gambling and drink, and resist an impulse to go off and photograph yet another war. Meanwhile, Ingrid, trapped in a passionless marriage and with a seven-year-old daughter to bring up, must court scandal and risk compromising her Hollywood career and saintly reputation if their love is to survive. With their happiness and identities at stake, both Capa and Ingrid are presented with terrible choices.

The first book on Hitchcock that focuses exclusively on his work with actors Alfred Hitchcock is said to have once remarked, "Actors are cattle," a line that has stuck in the public consciousness ever since. For Hitchcock, acting was a matter of contrast and counterpoint, valuing subtlety and understatement over flashiness. He felt that the camera was duplicitous, and directed actors to look and act conversely. In *The Camera Lies*, author Dan Callahan spotlights the many nuances of Hitchcock's direction throughout his career, from Cary Grant in *Notorious* (1946) to Janet Leigh in *Psycho* (1960). Delving further, he examines the ways that sex and sexuality are presented through Hitchcock's characters, reflecting the director's own complex relationship with sexuality. Detailing the fluidity of acting -- both what it means to act on film and how the process varies in each

actor's career -- Callahan examines the spectrum of treatment and direction Hitchcock provided well- and lesser-known actors alike, including Ingrid Bergman, Henry Kendall, Joan Barry, Robert Walker, Jessica Tandy, Kim Novak, and Tippi Hedren. As Hitchcock believed, the best actor was one who could "do nothing well" - but behind an outward indifference to his players was a sophisticated acting theorist who often drew out great performances. *The Camera Lies* unpacks Hitchcock's legacy both as a director who continuously taught audiences to distrust appearance, and as a man with an uncanny insight into the human capacity for deceit and misinterpretation.

Roberto Rossellini, famous Italian film director and icon of

neorealism, would have been 100 years old on 8 May 2006. Isabella Rosellini, offspring of the Bergman/Rossellini cinema dynasty, herself a film star, author and celebrated photo model has dreamed up a very special homage to her father on the centenary of his birth.

*IT'S ONLY A MOVIE* is as close to an autobiography by Alfred Hitchcock that you could ever have. Drawn from years of interviews with her subject, his friends and the actors who worked with him on such classics as *THE BIRDS*, *PSYCHO* and *REAR VIEW WINDOW*, Charlotte Chandler has created a rich, complex, affectionate and honest picture of the man and his milieu. This is Hitchcock in his own voice and through the eyes of those who knew him better than anyone could.

Of Human Bondage, Jezebel, All About Eve, Whatever Happened to Baby Jane? Just this short list of Bette Davis' films gives an unmistakable sense of the role she played in twentieth-century cinema as one of the finest performers in Hollywood history. Drawing on an extensive series of conversations that took place during the last decade of Bette Davis' life, this biography draws heavily on the actresses own words. Looking back over the decades, from her teenage decision to become an actress to the pain and outrage over her daughter's bitter portrayal of her, Davis speaks with extraordinary candour. She explains how her

father's abandonment of her a child reverberated through her four marriages, and discusses the persistent Hollywood legend that she was difficult to work with. Immersing readers in the drama and glamour of movie-making's golden age, *The Girl Who Walked Home Alone* is a startling portrait of an enduring icon.

A Kirkus Reviews Best Book of 2018 A lively and timely introduction to the roots of self-understanding--who we are and how we should act--in the cultures of ancient Greece, the Roman Empire, and Middle Ages and the Renaissance "Know thyself"--this fundamental imperative appeared for the first time in ancient Greece, specifically in Delphi, the temple of the god Apollo, who represented the enlightened power of reason. For the Greeks, self-knowledge and identity were the basics of their civilization and their sources were to be found in where one was born and into which social group. These determined who you were and what your duties were. In this book the independent scholar Ingrid Rossellini surveys the major ideas that, from Greek and Roman antiquity through the Christian medieval era up to the dawn of modernity in the Renaissance, have guided the Western project of self-knowledge. Addressing the curious lay reader with an interdisciplinary approach that includes numerous references to the visual arts, *Know Thyself* will reintroduce readers to the most profound and enduring ways our civilization has framed the issues of self and society, in the process helping us rediscover the very building blocks of our personality.

From the New York Times bestselling author of *The Dressmaker* and *A Touch of Stardust*, comes a Hollywood coming-of-age novel, in which Ingrid Bergman's affair with Roberto Rossellini forces her biggest fan to reconsider everything she was raised to believe. In 1950, Ingrid Bergman, already a major star after movies like *Casablanca* and *Joan of Arc*, has a baby out of wedlock with her Italian lover, film director Roberto Rossellini. Previously held up as an icon of purity, Bergman's fall shocks her legions of fans--and none more so than seventeen-year-old Jessica Malloy, whose father is Bergman's Hollywood publicist. After years of fleeting interactions with Bergman, Jesse has come to idolize the actress as the epitome of elegance and integrity as

well as the paragon of motherhood, an area in which her own difficult mother falls short. But in a heated era of McCarthyist paranoia and extreme censorship, Ingrid's affair sets off an international scandal that robs Jesse of her childhood hero. When the stress placed on Jesse's father begins to reveal hidden truths about the Malloy family, Jesse's eyes are opened to the complex realities of life--and love. *The Hollywood Daughter* is an intimate novel of self-discovery that evokes a Hollywood sparkling with glamour and vivid drama.
